SOFTRONIICS

INTERN

I had the opportunity to work with softroniics team of seasoned professionals in my desired field. Recently, I completed my flutter internship which specializes organization which allowed me to gain invaluable hands-on experiences. Throughout my time there, I actively contributed to various projects which enhanced my practical skills and expanded my knowledge base. This internship provided me with a solid foundation and exposed me to real-world challenges, preparing me for future professional endeavors.

Projects

CSS PROJECT

I created my first website design using CSS, this sample landing page of softroniics company.

FLUTTER PROJECT (1)

This is my first flutter project. This project called todonow (basically a to do list application)

FLUTTER PROJECT (2)

This is my second flutter project. This project called petslove (basically a petsapp application)
